Large Democratic Gains. (By Cable to the Sentinel.) NORFOLK, VA., May 26.—The democrats make heavy gains over the gubernatorial election. They elect councilmen in three wards. The coalition carry only one ward. The general ticket is doubtful, with the outlook in favor of the coalition. Port mouth and Suffolk elect the democratic ticket.

A Peeler Shot. (By Cable to the Sentinel.) PHILADELPHIA, May 26.—A Connelville, Pa., special says that Bard Law shot and killed Policeman Rabb last evening. Barrett's circus was performing there and Law and his brother Jeff, who were intoxicated, became involved in a fuss with Officers McCormick and Rabb, when Bard drew a revolver and shot Rabb through the head. The murderer was arrested and lodged in jail.

The Last Spike Driven. (By Cable to the Sentinel.) CHICAGO, May 26.—The last spike connecting the Omaha & Denver branch of the Chicago, Burlington & Quincy extension, was driven fifteen miles east of Denver, yesterday, in the presence of a large number of officials, and an army of workmen. Through freight trains have already begun running, and passenger trains will be put on July first.

Drowned in a Cistern. (By Cable to the Sentinel.) SHEBOYGAN, Wis., May 26.—At 4 o'clock Wednesday morning, the body of Mrs. John Pfeiler, wife of the owner and proprietor of the Park hotel, was found dead in the large cistern of that house. On last Friday she fell into the same cistern, and it is not known whether her death is from suicide or accident. She was missed from her room, and on search being made, was found dead, having been so for some time. For some time past Mrs. Pfeiler has been out of health, and was pronounced on the brink of typhoid fever. Mr. and Mrs. Pfeiler are old settlers and much respected, and her sudden death is a shock to the community.

Extensive Lumber Fire. (By Cable to the Sentinel.) CHICAGO, May 26.—A Grand Haven, Mich., special says that Samuel Tiller's mill yard at Spring Lake, burned yesterday and the lumber and mill were consumed. There were seven million feet of lumber valued at \$160,000, owned by Kelly, Rathbun & Co., of Chicago, insured for a total of \$72,500. This firm lost nine million feet here last fall.

Still Fighting. (By Cable to the Sentinel.) WASHINGTON, May 26.—The contested election case of Mackey vs. Dibble was called up again. The democrats are fighting it at every step.

Rail Road Wood Burned. (By Cable to the Sentinel.) LA CROSSE, Wis., May 26.—Four hundred cords of wood belonging to the Chicago, Milwaukee and St. Paul railway company, near Waukegan, caught fire last night. One hundred cords was consumed. Passenger trains were delayed four hours.

An Iowa Bank Closes Under. (By Cable to the Sentinel.) CHICAGO, May 26.—A Marshalltown, Iowa, special says the Holland Grundy county bank, Eli Rice, president, has failed for \$20,000. The bank will pay about 20 cents on the dollar. The creditors are mostly eastern. A reckless cashier was the cause.

A Lover's Death. (By Cable to the Sentinel.) GRAND RAPIDS, MICH., May 26.—Fred Straight, alias Patrick K. Murphy, a young man who had become infatuated with a pretty waiter girl at a restaurant, died from the effects of morphine at the jail this morning, where he had been sent on a charge threatening to kill her.

Commercial Report. (By Cable to the Sentinel.) NEW YORK, May 26.—Failures for the past week throughout the United States, as reported to New York, are 126, against 129 last week. Eastern states had 19, western 38, southern 33, middle 21, Pacific Coast and territories 9 New York City 6. The New York City failures were not significant.

Murdered and then Burned. (By Cable to the Sentinel.) CHICAGO, May 26.—At Highwood, a northern suburb, this morning, the house of a man named McCarthy, was discovered to have been burned, and his body found in the ashes. Indications point to a murder. The object is supposed to be the money he derived recently from sales of stock. Nobody knew of the affair until daylight, when the smoking ruins attracted attention, and charred remains were found. A posse of citizens are scouring the country, and every effort is being made to capture murderers.

Injury to Mr. Errett. (By Cable to the Sentinel.) WASHINGTON, May 26.—Hon. Russell Errett, of Pennsylvania, met with quite a serious accident this morning by being thrown from a coach. He was about alighting from the coach at the entrance to his house when the driver started the horse suddenly, causing Mr. Errett to lose his balance. Wreck on the Illinois Central. (By Cable to the Sentinel.) CAIRO, May 26.—A freight train coming south on the Illinois Central last night broke in two, just after leaving Mahanda, leaving a caboose and one box car near Mahanda. When near Cabden thirty-two more

cars broke loose, and started down the hill, ran into the caboose and box car, wrecked the caboose and five cars which took fire and burned up. Four cars of grain and one car of meat were burned and several other cars badly damaged. A stove in the caboose was the cause of the fire. No one hurt.

Released Suspects. (By Cable to the Sentinel.) LONDON, May 26.—Nearly seventy suspects have been released in the past fortnight.

Delegate Apportionment and Taxation. (By Cable to the Sentinel.) THE SENTINEL desires to say that the attempt to link the apportionment of democratic delegates and taxation together is not only unjust, but just a little bit silly. At the last democratic convention a committee was appointed to consider the question of delegate apportionment and organization. That committee will report at the next county convention. The convention is the proper place to decide the question, and THE SENTINEL believes the delegates from the country will do what is fair and just in the matter.

The Question of a High or Low Rate of Taxation has no connection whatever with the selection of democratic delegates, or a democratic convention. Taxation is regulated and apportioned by the different township assessors of the county, some of whom are republicans. If the township assessors valuation is unjust and exorbitant, which seems to be the case, the proper place to remedy the injustice and obtain redress is before the county board of equalization, not before the democratic convention. If republicans desire to attack the democrats let them do so in an open, manly way, and THE SENTINEL will guarantee to at least make it pleasant for them.

LOCAL LINES. Mrs. M. E. Fitzgibbon has returned to Lafayette. Misses May and Sophia Shea have returned from a visit to Indianapolis. Freeman Patt, jr., for some years a Wabash freight conductor, is now a stone mason in Lafayette. Wabash engineer Homer A. Bennett, has presented to his wife a fine \$450 piano, purchased of N. Taylor. There is a war of women this afternoon in Justice Ryan's court. A spanked baby and a washbowl figures in the case. Indications for the lower lake region are: Warmer and fair weather, followed by increasing cloudiness, winds mostly southerly and lower pressure. Yesterday, as Fort Wayne Commandery No. 4, K. T., marched by the Kirtley house, they formed a cross. Loud and prolonged cheers greeted this manoeuvre. This afternoon Margaret Kammer was fined fifty cents and costs by Justice Harding for provoke on her daughter, Anna Berg, who, in turn, filed an affidavit for provoke and assault. John H. McCain has presented to Master Charles Phillips, adopted son of his partner, a costly baby carriage, in which Jay's young heir will be trundled out on fine days by its colored nurse. This afternoon the city band headed a procession of Odd Fellows, including the Order of the Patriarchal Circle, which followed to the grave, the remains of their late brother Martin Heigarthier. The Patriarchal made a fine appearance in their handsome uniforms and nodding purple plumes. Margaret Stuttnier, an aged German woman, of 71 Third street, fell on the 4th last, on High street, breaking an arm. The fall was occasioned by a defective plank in the sidewalk. The old lady, whose husband is totally blind, asks the council to pay the bill of her physician, which is an easy way for the city to get out of it. The L. W. & D. Construction company were much sued to-day. In the superior court John Sloan, Representative of Prescott, Sloan & Co., sub-contractors for the graduation, etc., of the New York, Chicago and St. Louis road from Whitley, twelve miles past one for \$10,000 on contract. In the circuit court, Mary Fitzpatrick, the largest, best and only copy.

rick sees the company for \$450 for boarding and lodging men in their employ.

The democrats of Allen county are requested to meet on Tuesday, 30th day of May, 1882, at the following places in their respective wards, townships and precincts for the purpose of electing by ballot thirty-nine delegates, who will be authorized to meet thirty-seven votes in the congressional convention to be held at Kendallville on the 1st day of June, 1882. The members of the county central committee of the several townships, wards and voting precincts will cause the polls to be opened in the several townships and New Haven precinct at one o'clock, and kept open until four o'clock, and in the several wards of the city of Fort Wayne, will cause the polls to be opened at four o'clock and kept open until seven o'clock. By order of the Allen county democratic central committee. MARTIN V. B. SPENCER, Chairman.

O. A. LEITER, Secretary. Wrinkles disfigure a woman less than ill nature. Never do anything by halves—never get even half shot. Farmers report the hens as becoming very set in their ways. He that collects his thoughts is compelled to dun his brains. Two trains with but a single track, two boilers that burst as one. A blacksmith is seldom arrested for forgery though he lives by it. The London Times says that Grant's biographer, Badeau, "writes with the vituperation and petty malice of a politician." Michigan City has eight cases of small pox near the heart of the city and it is feared the disease will spread. John Hillis, an old resident of Rising Sun, and highly respected, died Sunday evening, after a very brief illness. If you have a cold or cough, buy a bottle of Hill's Peerless Cough Syrup; use it all; if not satisfied, return the empty bottle and we will refund the money. We sell Peerless Worm Specific on the same terms. Cobb's Little Podophyllin Pills will cure headache or no pay. DAME & BRO. Feb. 13-d&wly.

Attention, Commercial Travelers of Fort Wayne! There will be a meeting of commercial travelers held at the parlors of the Aveline house, on Saturday evening, May 27, at 7:30 o'clock. Last night, on the train from Warsaw, the passengers were much amused by the effusive affection of a well-known young Fort Wayne dandy for her escort. THE SENTINEL made mention of the efforts of a man named Miller, to hunt down his wife, who he claimed had been led astray by a prominent merchant of the city. What She Meant.

The gentleman with whom I conversed at THE SENTINEL office, on May 25th, misunderstood me. My remark did not refer to Miss Prachert, as she did not apply at the "Home" for admission, but solely to those persons who have come here from other states for the purpose of receiving care free of expense. The institution is now supported by subscriptions from our own citizens, and while we would be glad to assist all who need our help, still it does not seem just to receive such persons, especially when we have as many applicants from our own state as our means will support.

The item in last evening's paper seems to give a wrong impression regarding the work of the "Home." Hence this correction.

Mrs. M. A. Carter, Matron.

THE MASONIC TEMPLE.

Brooks & Dickson's Scheme to Finish It—Mr. Dickson's Visit to the City.

THE SENTINEL has a number of times referred to the fact that Brooks & Dickson have desired to get possession of the Masonic temple and finish that structure in time for next season. Color is lent to this by the fact that Mr. George A. Dickson, of the firm of Brooks and Dickson, arrived in the city this afternoon.

We learn that it is his intention, if possible, to purchase \$25,000 worth of the bonds issued by the association and sell them. It is believed that if our people see that men have hold of the enterprise who will push the temple to completion, they will be inspired with confidence to invest in the bonds. In this case, Brooks & Dickson will complete the interior in time for the opening of the next theatrical season.

Of course Manager John A. Scott will be retained if the theatrical firm can succeed in accomplishing their plans.

Mr. Dickson will have an interview this evening with the directors of the association.

We learn later that several Alabama gentlemen are interested in the scheme, and will arrive with Mr. Dickson.

Judge Lowry's Candidacy.

The Kendallville *Weekly News*, in a lengthy editorial on the congressional race, says: "The constitution of the state says that 'No law shall restrain any of the inhabitants of the state from assembling together in a peaceable manner, to consult for their common good; nor from instructing their delegates.' This is sound democratic doctrine. And in pursuance of this very right guaranteed to the citizens of the state, the democrats of Noble county met together in a peaceable manner to consult together for their common good, and appointed delegates to the congressional convention, and that convention saw fit by an overwhelming majority to pass resolutions 'instructing their delegates' to vote in the congressional convention for Judge Lowry for congress. The action of the convention is not only binding upon the party in the county, but it is doubly binding on the delegates to the congressional convention. Every principle of honor and of party loyalty compels the delegates to carry out faithfully the instructions of the convention. We cannot, therefore, believe that a single delegate from Noble county will so far forget his duty to himself, the convention that sends him, and the party that he represents, as to bolt instructions and thus aid in sowing discord and division in the party."

FAIR HOUSE.

The Warsaw Celebration.

The festivities at Warsaw yesterday were entirely successful, the laying of the corner stone of the new court house with Masonic honors, being witnessed by a crowd estimated at 25,000 people. It is believed that 15,000 strangers were in the city. In the procession, a grand pageant, were Masons, Odd Fellows and Knights of Pythias, and six bands and numerous drum corps. Governor Porter was present and made an address. Forty-five Knight Templars from this city and vicinity were present. They were entertained at the residence of George Moon, jr. On the spacious grounds were tables plentifully spread with any quantity of liquid refreshments and smokeables. The Sir Knights are enthusiastic over their royal treatment by Mr. Moon, who is known as one of the most hospitable of gentlemen. The Commandery returned last night together with the Fort Wayne crowd.

The Warsaw Ball.

Inasmuch as the dress ball at the Warsaw Opera house, last evening, was attended by a number of Fort Wayne people and others known in our society, we give space to this. There were about forty couples on the floor, and the ladies and gentlemen were in full party dress. The music was furnished by Hull & Arnold's orchestra of five pieces, from Constantine, Mich. On the programme were twenty-five numbers, and the gray of morning had come before the assemblage dispersed. At midnight, an elegant banquet was served at the Kirtley house. Gov. Porter was expected to be present, escorting a La Porte belle, but was forced by fatigue and indisposition to keep his apartments. Among those present from this city were Dave O'reighton, O. L. Per y, Thos. B. Waters, W. Byless and Ernest Brack-enridge. Among others well known in Fort Wayne society were W. T. Gary and O. E. Rhodes, Indianapolis, and the Misses Minnie Berst, Eae Conrad, Nellie Jennie and Dade Frazier, Lettie Poe, Minnie Shane, Lulu Boes, Mattie Thayer, Jennie Leedy, Nellie German, all of Warsaw, and Minnie Childs, of La Porte.

In the *Penman's Gazette* for May, is a good picture of Mr. Charles MacDougal, of this city, and following: "We give above a good portrait of the 'boy writer,' of Fort Wayne, Ind. Master MacDougal is eighteen years old, and the finest writer of that age in his city. The autograph below his portrait is an exact copy of his hand-writing. Who, among our readers, will send us a hand-some one?" We acknowledge the receipt of some cards in Mr. MacDougal's hand-writing and can affirm the statement of our contemporary.

The Duty of Newspapers.

When experienced, practical unprejudiced physicians widely endorse and recommend a medicine, knowing from the ingredients it contains that it is nature's best assistant as a health renewer, especially in curing impure blood, dyspepsia, kidney and lung disease, female complaints and general weakness, then indeed, should give newspaper press of the country give publicity to the fact. We refer to Dr. Guyot's Yellow Dock and Sarsaparilla, a medicine of which over a million bottles were sold last year, without one single instance of complaint.—*Times.*

An editor who does not wish his name mentioned, writes as follows: "Excessive mental activity affected my health. My kidneys and liver gave me greatest annoyance. Severe headaches often made me unfit for work. Milky urine and other symptoms gave evidence of physical decay. Dr. Guyot's Yellow Dock and Sarsaparilla banished every feeling of distress. I think it the best medicine in the world, and shall do all I can to increase its sale."
